first contacting the sources to determine if they are agreeable to having their identities revealed. Keating stated sources temporarily unavailable and will not have opportunity to contact these sources until 11/4/64. Articles in magazine contain numerous inaccurate statements. The FBI is mentioned on several occasions, however, only derogatory reference to Bureau is by Dick Gregory. Gregory states he thinks FBI is lying and hiding information for political reasons. His remarks should not be dignified by contacting him in an effort to straighten him out in view of our past experiences with Gregory. Gregory also makes reference to a letter he previously received pinpointing where victims' bodies were located. This letter previously obtained from Gregory and determined to have been written by a mental patient who has no knowledge of this case. If Keating identifies sources used by above authors, sources will be interviewed for any information of value.
